Bed & Bath Linen | 2023 Edition

Garnier-Thiebaut USA is a linen designer and manufacturer of bed, bath, table linen & accessories catering to both the global hospitality industry & retail consumers. Belonging to HDM industries, a leader in textiles, work wear, and related hospitality services, Garnier-Thiebaut USA is a renowned domestic producer of luxury linens with international roots.

For nearly two centuries, Garnier-Thiebaut has been weaving quality linens in the heart of the Vosges region in Gérardmer, France. Founded in 1833, between the marriage of two weavers, Virginie Thiebaut and Jean-Baptiste Garnier, Garnier-Thiebaut boasts a rich history accentuated by decades of expertise.

We are proudly committed to continuing this history through honoring our heritage & passion whilst employing innovation & emerging technologies to create the linen of tomorrow.

To foster a singular proximity with its customers, Garnier-Thiebaut arrived in the USA in 1997 bringing our French "Savoir-Faire" abroad.

With a human scale team and the performance of an international company, our services are tailored to meet your needs.

Garnier-Thiebaut USA is a vertical company and manages all the manufacturing steps: from dyeing threads, weaving and processing fabrics, cutting, sewing, and packaging, to delivering finished products.

This model of production allows us to employ the highest attention to detail and quality control standards across all of our product segments to ensure all Garnier-Thiebaut USA linens are delivered to exceed your expectations.

Please explore our collections exclusively designed for the hospitality industry. We are pleased to debut a refined edition of our Hospitality Catalog, showcasing all of our bed, bath, table linens & accessories.

My dedicated team and I strive every day to suit your linen needs and create the perfect fit to bring your ideas to life.

We look forward to working with your team under a shared vision to optimize guest experiences through high quality linens!

Thank you,

Jean-Philippe Krukowicz,
Chief Executive Officer

Sustainability

Garnier-Thiebaut is committed to protecting and preserving the environment through the integration of sustainable supply chains, and the utilization of best practices. Our factories in the heart of Gérardmer forest operate within the natural landscape without disruption. From keeping beehives in our linen processing sites to re-purposing our own wastewater to generate hydro-power, Garnier-Thiebaut linens are created with care and conscience.

Philanthropy

Giving back through our expertise a core value of Garnier-Thiebaut USA. We recognize our shared partnership within the restaurant & hospitality industries & are deeply invested in collaborating with them the best way we know how... Through linens!

During the pandemic, Garnier-Thiebaut USA rolled out *I Love My Chef*, a charitable initiative to support our partner's Chefs & kitchen staff via the resale of specialty kitchen towels. To learn more, please visit our website.

Garnier Thiebaut USA is a proud sponsor of Maitres Cuisiniers de France & Academie Culinaire de France, organizations that preserve and spread the French culinary arts in the world.
